Center for Medicare

DATE:	April 4, 2011
TO:	All Medicare Advantage (MA) Organizations (MA, MA-PD, All Cost Plans, PACE) Required to Submit Risk Adjustment Data
FROM:	Cheri Rice Director, Medicare Plan Payment Group
SUBJECT:	Validation of RAPS ICD-10 Compliant Format File

This notice is to advise all MA organizations that effective January, 2012, the current RAPS file format will change to become ICD-10 Compliant.

All submitters of risk adjustment data must validate their ability to submit files in the new RAPS compliant format. Validation files should be submitted to Palmetto, GBA beginning Wednesday, July 6, 2011. All MA organizations must submit an acceptable file no later than Thursday, September 15, 2011. The submitter requirements, RAPS compliant file format and RAPS error codes are attached.

Submitters should note this is a RAPS compliant format validation and not an ICD-10 certification. CMS is accepting comments regarding the new format or validation submission process until Wednesday, May 25, 2011.

Comments should be sent to the CSSC at csscoperations@palmettogba.com.

SUBMITTER REQUIREMENTS

Submitters should ensure they meet the following criteria when producing RAPS files for validation:

- Field number '5' in the AAA, header record, with a value of 'TEST'.
- New field in the AAA, header record, field number '6' with a value of 'ICD9'.
- Plans should submit no less than 10 records on the validation file.

Format Changes Effective 1/2012

• AAA Record

Changed field 6 in the AAA record from filler (32-512) X(481) SPACES to field 6 FILE-DIAG-TYPE (32-36) X(5) 'ICD9' or 'ICD10' and added field 7 FILLER (37-512) X(476) SPACES

• CCC Record

Changed field 9.4 from 5 bytes X(5) to 7 bytes X(7) eliminating the 9.5 X(2) filler field. Field 9.5 is now called DIAG-CLSTR-ERROR-1, field 9.6 is now called DIAG-CLSTR-ERROR-2, and 9.7 has been eliminated.
