

MAO-002 Encounter Data Processing Status Reports

- The EDPS is currently processing MAO-002 reports for data received on March 1, 2013.
- If your organization has not received your MAO-002 Reports for files submitted prior to March 1, 2013, please contact CSSC Operations for assistance, after verifying receipt of EDFES Acknowledgement reports.

EDPS Known Issues

Edit 02255 – Beneficiary Not Part A Eligible for DOS

- The EDPS identified a defect in the editing logic that flags encounters with Part A eligibility waivers for encounters processed during March 2 – March 5, 2013.
- An EDPS system enhancement was implemented on March 8, 2013 to correct the defect.
- This defect impacted a minimal number of submitters. The EDS team will reach out to those submitters individually.

Encounter Submissions for Capitated Services

- Analysis of encounter data submissions shows a less than expected submission volume of capitated services to the EDPS.
- MAOs and other entities in a capitated provider agreement are required to submit encounters for all capitated services.
- MAOs and other entities should refer to the Minimum Data Elements (MDE) document for submission guidance, located on the CSSC Operations website at <http://www.csscooperations.com> in the 'Resources' section.

2012 Dates of Service (DOS)

- MAOs and other entities should submit all 2012 DOS by the 13-month timely filing deadline or as close as possible to the deadline.

ISA/IEA Submission Transactions

- At this time, CMS is not changing file size restrictions.
- CMS is recommending that ISA/IEA transaction sets not exceed 5,000 encounters, as the EDS processes smaller files more efficiently than larger files.
