Testing/Certification Timeline

- For a variety of reasons, testing is going slower than expected, so we would like to focus our efforts on Professional end-to-end certification
- CMS is delaying the start of Institutional end-to-end testing
 - Ensure the CEM is stable prior to initial testing
 - Prior to the beginning of Institutional end-to-end testing, CMS will hold an instructional webinar on testing requirements and test cases.

Testing / Certification Timeline

	Testing Begins	EDPS Testing	Deadline for Initial Submission of Encounters *	Testing Ends/Deadline for Certification
Professional Encounters	1/4/12	Test cases only	2/29/12*	3/30/12
Institutional Encounters	3/30/12	Test cases only	4/30/12*	5/30/12
DME Encounters	5/7/12	Test cases only	6/1/12*	7/2/12

***MAOs and other entities must make an initial submission to the EDPS by this date.**

•Institutional certification has been delayed. Plans should focus on professional certification at this time.

Front End Certification

- 497 out of 587 plans have certified on the front-end.
- MAOs and other entities who are not certified on the front-end should do so immediately.
- 90 plans have not certified.
- We will begin compliance actions for Front-End certification soon. This will be discussed on the 2/16 User Group Call.

837-P End-to-End Certification Overview

- Submitters must be front-end certified in order to submit end-to-end test cases.
- MAOs and other entities must achieve a 95% acceptance rate on total required test cases in order to be certified to submit production data.

Operational Guidance

837-P

CMS requires that the test cases are submitted in two (2) separate files. Only the defined test cases should be submitted.

File 1

- 2012 DOS
- Test cases that **do not** require linking (19 test cases)
- TC indicator in Loop 2300, CLM01 (e.g., CLM01=TC01)
- 2 encounters per test case, for a total of 38 encounters in this file
- The initial *file containing anything other than the 38 defined encounters will be returned without processing*

File 1 must be completely accepted before submitting file 2

File 2

- 2012 DOS
- Test cases that **require** linking (4 test cases)
- TC indicator in Loop 2300, CLM01 (e.g., CLM01=TC13)
- 2 encounters per test case, for a total of 8 encounters in this file

End-to-End Certification Process Flow – File 1 (unlinked)

Encounter Data

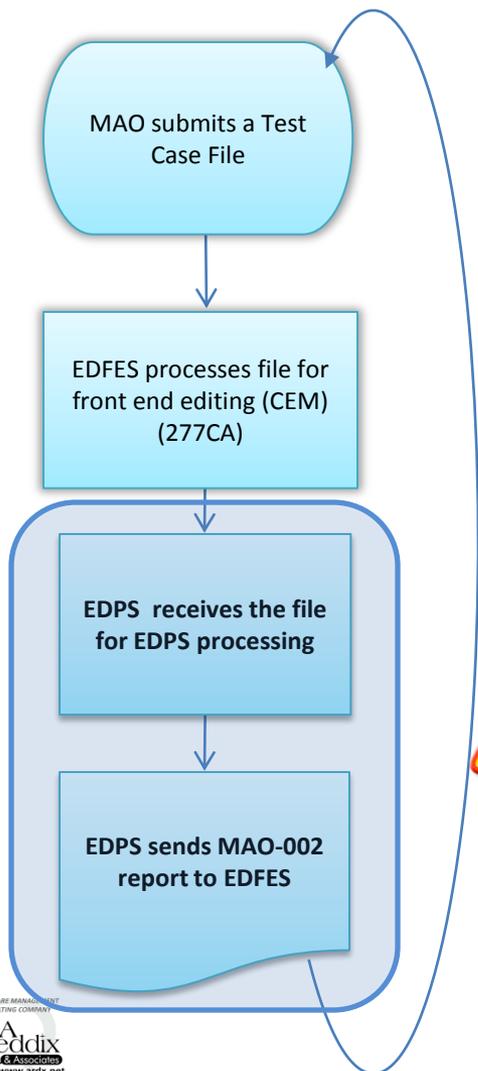

Industry
Update

1. MAOs or other entities submit test case files
 - Test case file **must** contain
 - 2012 dates of service
 - TC indicator in CLM01
 - Total required number of encounters
 - First file = 19 test cases (38 encounters)
 - Second file = 8 test cases (4 encounters)
2. The file is processed through front-end editing (CEM) and the 277CA is returned to the submitter. An Invalid File Report will be sent if errors occur.
3. **If front-end errors are received, the MAO or other entity must reconcile and resubmit the complete first test case file.**
4. **The file will not be submitted to EDPS until all 38 encounters have passed front-end requirements.**

End-to-End Certification Process Flow – File 1 (unlinked)

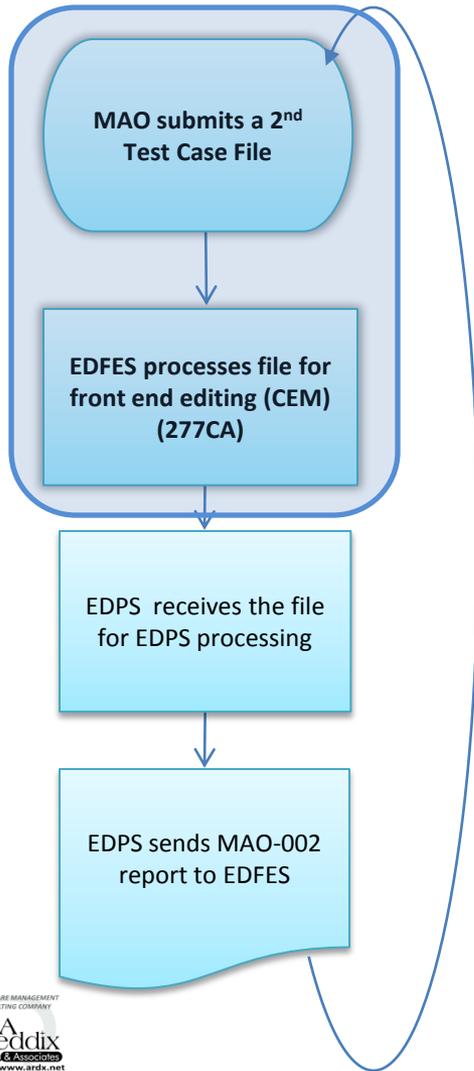

5. Once all 38 encounters have passed front-end requirements, the file is sent to EDPS for processing.
6. The MAO-002 Encounter Data Processing Status Report is generated and sent to MAOs and other entities.
7. **MAOs and other entities must use the MAO-002 to reconcile and then resubmit only the rejected test cases prior to submitting the linked test case files.**

End-to-End Certification Process Flow – File 2 (linked)

Encounter Data

Industry
Update

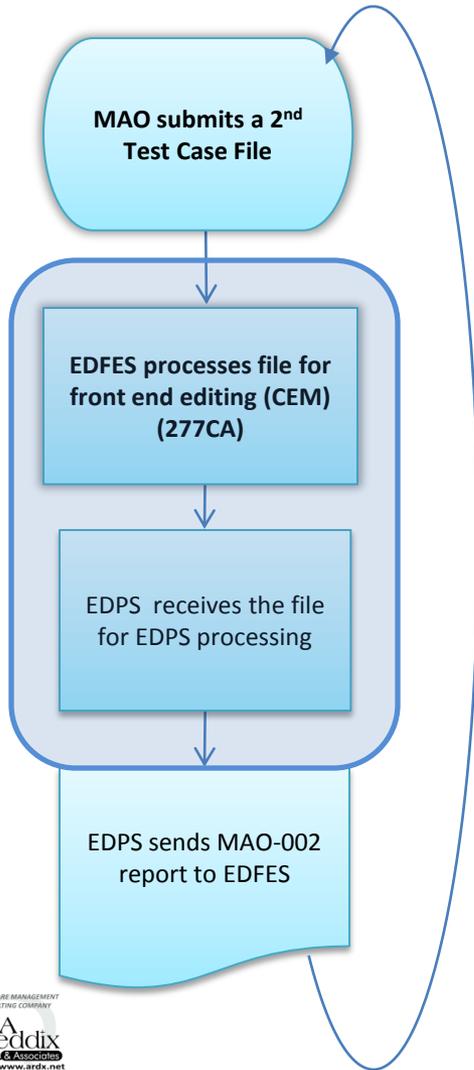

8. Once the initial test case file with all 38 (unlinked) encounters has passed encounter data processing **MAOs and other entities must submit the 2nd (linked) Test Case File containing:**
- 2012 Dates of Service
 - TC indicator
 - Required number of encounters
 - Second file = 4 Test cases (8 encounters)

NOTE: The second file cannot be sent until the MAO-002 report reflects that all unlinked test encounters were accepted.

End-to-End Certification Process Flow – File 2 (linked)

9. The linked test case file is sent to the EDPS for processing.

NOTE: The file will not be submitted to the EDPS until all eight (8) encounters have passed front end requirements.

10. The MAO-002 Encounter Data Processing Status Report is sent back to the MAO. Any rejected test cases on the 2nd file must be reconciled and resubmitted.

End-to-End Certification

When all 46 test cases pass the minimum 95% acceptance rate, MAOs and other entities will receive a notice that certification has been achieved.

MAOs and other entities may begin to submit production data.

TC01 – Original MA

- Submit a newly enrolled MA member encounter on the standard 837P.
 - Identify a member that is enrolled with an Election Type of 'E' for IEP and an enrollment effective date in 2011.
 - **Note:** IEP is for Initial Enrollment Period – 7-month timeframe, 3 months before month of date of birth, the month of the date of birth, and the 3 months following the date of birth.

TC01 – Original MA

- Review a 2011 Daily Transaction Reply Report (DTRR).
- Review the January 2012 Monthly Membership Detail Report (MMR). If the member is enrolled in the plan for January 2012, they will appear on the MMR and a claim can be submitted.

TC02 – FFS to MA Member

- Submit an encounter for a Medicare Part A and/or B member that changed to a MA plan.
 - Select a beneficiary entitled to FFS Medicare Part A prior to 1998.

TC02 – FFS to MA Member

- Determine if beneficiary was enrolled in FFS Medicare prior to 1998 by checking the entitlement start (effective) dates through the BEQ or in the MARx UI.
- Review the January 2012 Monthly Membership Detail Report (MMR). If the member is enrolled in the plan for January 2012, they will appear on the MMR and a claim can be submitted.

TC02 – FFS to MA Member

Steps for verifying beneficiary eligibility for test case using the Batch Eligibility Request (BEQ):

- Submit the BEQ Request file with the beneficiary HIC number.
- Receive a BEQ Response file that provides the entitlement/enrollment start (effective) dates for Part A and Part B.
- If dates are prior to 1998, the beneficiary was enrolled in FFS Medicare.

TC02 – FFS to MA Member

Steps for reviewing beneficiary eligibility for test case using the MARx UI:

- Beneficiary eligibility provides information regarding a beneficiary's entitlement start date for Part A and Part B
- Plans can view the Beneficiary: Eligibility (M232) screen from the main menu – go to Beneficiaries, and then click on Eligibility from the submenu. Then enter the HIC number to pull up the eligibility information.
- Under Eligibility Information are the start dates for Part A and Part B.
- If dates are prior to 1998, the beneficiary was enrolled in FFS Medicare.

TC16 – Duplicate

- An original submission should be “Accepted” in EDPS prior to submitting a duplicate encounter submission.
- Ensure that the interchange date and time (ISA09 and ISA10) are unique in the ISA-IEA interchange header file.

TC16 – Duplicate

- Submit a duplicate 837P encounter with duplicate data in all of the following fields:
 - Beneficiary HICN
 - Beneficiary Name
 - Date of Service
 - Place of Service
 - **Type of Service**
 - Procedure Code (and 4 modifiers)
 - Rendering Provider NPI
 - Paid Amount
- Type of service is not submitted on the encounter but derived from data captured.
- It is assumed that the submission matches an existing encounter in the system.

TC17 – Bundled Payment

- Submit an encounter with bundled codes and use SVD06 in Loop 2430 to identify a bundled payment submission.

TC18 – Paper Generated

- Paper generated submission specifications are still in development and will be discussed on a later call.

TC19 – Zip Code +4

- Submit an encounter with the Zip code + 4 identifier.
 - Use “9999” as a default for the last four (4) digits of the Zip code for at least one (1) test case submission

TC19 – Zip Code +4

9.1 Standard Professional Encounter

Business Scenario 1: Mary Dough is the patient and the subscriber, and went to Dr. Elizabeth A. Smith because she was experiencing abdominal pain. Happy Health Plan is the Medicare Advantage Organization (MAO). Dr. Smith diagnosed Mary with abdominal pain in her right upper quadrant (78901).

NOTES FOR SELECTED YEAR

2012: Medicare payment rates under the Medicare Physician Fee Schedule (MPFS) are set according to statutory criteria. The following 2012 MPFS payment rates are reflective of the CY 2012 Medicare Physician Fee Schedule Final Rule, which was published in the Federal Register on November 28, 2011, and the CY 2012 Medicare Physician Fee Schedule Final Rule Correction Notice that was put on display at the Office of the Federal Register on December 30, 2011. These payment rates are based on current law, including the Temporary Payroll Tax Cut Continuation Act of 2011, which provides for a zero percent update for the period of January 1, 2012 to February 29, 2012. The Centers for Medicare & Medicaid Services will work quickly to update MPFS payment rates in the event Congress passes legislation to prevent the negative update from going into effect on March 1, 2012. Please be on the alert for more information
